

## **CHAPTER 1**

### **BACKGROUND OF THE STUDY**

#### **INTRODUCTION**

Can you name a successful person? I know everybody knows that poverty is not a hindrance to success. However to be successful is to understand what is important to you, to recognize your weaknesses without hiding them, to strive for balance as well as open new doors in life.

What do you think success? Success is special and individual for each person or group. For a kid, success maybe means winning a game, for a researcher, success means solving a problem or creating a new device, for a football team, success means being the champion. But for me, A big word success student/s is the achievements of something desired. And i believed that WHEN YOU GOING DOWN TO NOTHING, GOD IS UP TO SOMETHING.!

This paper features the success story of a financially challenged student named Sarahlyn Dela Rosa of Brgy. Kaymisas. Furthermore This study wants to explore the challenges in her life, and how she cope up with these.

## STATEMENT OF THE PROBLEM

This study wants to explore the stories behind the successful of a student with financial problem.

Specifically, this study wants to answer the following question:

1. What are the struggles and the challenges faced by students with financial problem?
2. What are the significant experiences of financially-challenged students?
3. How did the students overcome the problem: personal, emotional social and financial?

## SIGNIFICANCE OF THE STUDY

The result of this study will benefit of the following sectors:

**To The Teachers.** They will realize how the students cope up with this kind of situation in daily life. The teachers may extend more help to these students.

**Canteen Teachers/TLE Teachers.** They will make a way to help financially challenged students by establishing a program like feeding program.

**To The School Administrator.** They will support financially and morally.

**To The Learners.** The learners should realize other students' situation. This may result of being thrifty and frugally , since money is valuable. They maybe wiser in spending money.

**To The Parents.** They will guide their children thru their duties and responsibilities, and will make a way to be successful their children at all times. Furthermore parents should be strong for the daily life of their children despite facing challenges.
